Why Veeam Data Cloud for Microsoft 365 Premium?

Microsoft 365 Business Continuity

Organizations benefit from granular item-level restores, allowing targeted recovery of specific files to minimize downtime. Customized backup schedules and retention policies help align with business needs and compliance requirements. Separating backup data from production environments enhances security, while the ability to choose storage regions ensures data sovereignty.

Microsoft 365 Disaster recovery

With Premium, bulk restore capabilities enable rapid recovery of large data sets, essential during widespread disruptions. The absence of throttling guarantees quick reliable ransomware recovery speeds as high as 3-5TB per hour. These capabilities minimize downtime and help organizations quickly restore normal operations after significant events.

Entra ID Data Protection

Premium includes Entra ID protection, delivering comprehensive backup and effortless, granular recovery for users, groups, application registrations, logs, and related metadata. With proactive protection features like accelerated change detection and enhanced forensics, Veeam ensures visibility and control over Entra ID data to maintain business continuity, security, and compliance.

Frequently Asked Questions

What if I have more Entra ID users than Microsoft 365 users?

The Premium plan is priced per Microsoft 365 user, and any additional **Entra ID enabled member users** are FREE up to 3X the total number of Microsoft 365 users, per the [Fair Use Policy](#). For example: 10k Microsoft 365 users covers up to 30K Entra ID enabled member users.

What is an Entra ID enabled member user?

An Entra ID enabled member user refers to an individual account within Microsoft's Entra Identity platform that has been activated and is authorized to access resources and services within an organization.

If I already have Premium, can I use this promotion for additional users?

If you already have Veeam Data Cloud Premium, you will retain your contracted pricing and may purchase additional Premium licenses at the same rate.

What if I only want to protect a subset of users with Premium?

To include Entra ID user protection at no additional cost, all Microsoft 365 users in your environment must be protected with Veeam Data Cloud for Microsoft 365 Premium.

What is the best way to redeem this offer?

The best way to redeem this offer depends largely on your individual preference. If you are already working with a Veeam Sales Rep or authorized Veeam Reseller, you can reach out to them directly. If you would rather take advantage of this offer independently, you can go directly to the [Azure Marketplace](#). You can also book a meeting by visiting [Veeam.com](#).
